## Information Technology 2

Complete the following:

1. Produce a list of rules for using the Internet safely.
2. Show that they know what the following terms mean:
  - Modem
  - Browser
  - Search Engine
  - Digital Camera
  - Clip Art
  - Scanner
  - Menu
3. Show that they can save a file and open that file at a later date.
4. Choose four additional activities out of the following:
  - Access the Internet safely, to find out as much as they can about a topic of their choice.
  - Use a digital camera to take some digital photographs and use a piece of software to enhance or alter the original photographs.
  - Use a piece of software of their choice to produce a set of matching stationery for an event, e.g. birthday - place cards, invitations, posters etc.
  - Use a piece of simulation software and explain what they learnt from it.
  - Produce a series of newsletters for their Section over a three-month period.
  - Produce a simple pictogram or graph of something of interest to them or their Section.
